RE: 73-0237 / Site ID 90299
Failure to submit required reports

Dear Mr. Veljkovich:

Division of Air Pollution Control personnel inspected your facility on October 17, 2014, and discovered that Roane Medical Center had failed to submit required reports concerning fuel oil combustion for the periods of January 1 – June 30, 2013, July 1 – December 31, 2013, and January 1 – June 30, 2014. Condition 11 of Operating Permit 067335F states that all reports shall be postmarked by the 30th day following the end of the reporting period for each six month period (January 1 through June 30 and July 1 through December 31). On October 28, 2014, the Division received the reports listed above.

Division Rule 1200-03-09-.02(6) states in part, "operation of each air contaminant source shall be in accordance with the provisions and stipulations set forth in the operating permit, all provisions of these regulations, and all provisions of the Tennessee Air Quality Act."

Compliance with air quality permits contribute to a cleaner environment and healthier citizens in Tennessee by maintaining federally mandated National Ambient Air Quality Standards (NAAQS) for air pollutants in attainment areas and controlling the increase of air pollutants in nonattainment areas.

The Tennessee Air Quality Act allows for enforcement action against individuals who violate the Act or its Regulations. If you have any information that proves the violation did not occur you may submit that information in writing to the Technical Secretary, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15th Floor, Nashville, Tennessee 37243. You may also e-mail your response to Air.Pollution.Control@tn.gov. To ensure that information you wish to submit will be

07-0237
Roane Medical Center

considered, it must be submitted within 20 days of your receipt of this Notice of Violation. After a review of the facts, the Technical Secretary has elected to take no further action regarding this **Notice of Violation**. Please be advised the Division will be much less tolerant of noncompliance with Air Pollution Control Regulations in the future.

Technical inquiries surrounding this allegation of noncompliance should be directed to Justin Long at (865) 594-5535 or by email to Justin.E.Long@tn.gov. Questions concerning the enforcement process should be directed to Tammy Gambill at (615) 532-0531 or Tammy.Gambill@tn.gov.

Sincerely,

Martie L. Carpenter
Manager
